**Subject:** Wilcox and Removal

Bart,

Amy and I spoke with Mark Hayes and Susan Webster today about several security/safety issues mentioned last night in Bristow. We thought Removal might be able to help address the following:

- Fencing off the Church property because of repeated trespassing onto the site
- Plugging the contaminated well on the Church property
- Fencing around one large waste area behind a residents' home (has had problems with small children and pets getting into waste)
- Appropriate signage posted

Susan said she would discuss these issues with Removal and would be in contact with you next week.

Thanks again for traveling to Bristow yesterday. The meeting went well.  
Have a good weekend.
